

GENERAL RECOMMENDATIONS IN THE WORKPLACE

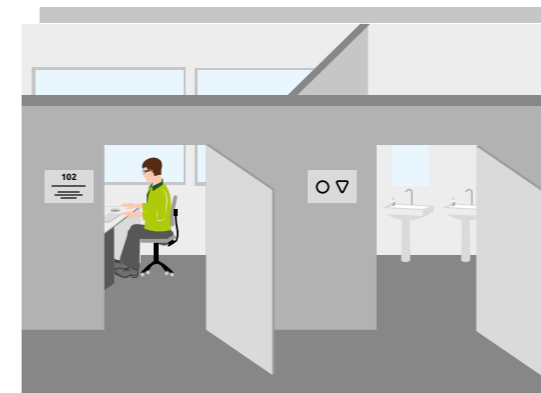

Wash and disinfect your hands frequently.

Keep the distance at the workstations and from the person you are talking to. When leaving the workstation, put a mask on.

Do not shake hands! Keep a safe distance.

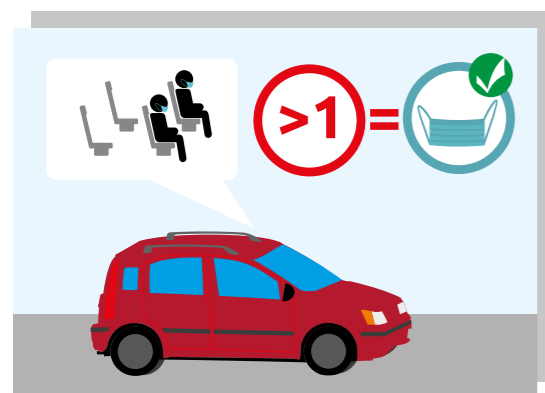

Leave the door in toilets and passages between the offices open.

Avoid touching your eyes, nose and mouth.

WEAR A MASK:

when commuting to/from work.

when you meet clients/people from outside the company.

if the distance between the workstations is less than 1.5 m. Always wear a mask.

if you perform works in a public space.

when leaving the construction site/office.

Notify your supervisors if you are infected or if you had contact with an infected or a quarantined person.
